The CSET, which is replacing the MSAT in California, consists of three multiple-choice subtests. Subtest I tests in reading, language, literature, history, and social science. Subtest II is in science and math; and subtest III covers visual and performing arts, physical education, and human development. This manual offers in-depth reviews in all test areas, as well as detailed advice in study and test-taking strategies. It also provides two complete practice CSETs with explained answers.
