BOOK #1: Off Grid Living: 23 Techniques With Step-By-Step Instructions on How to Live Off-the-Grid and Survive in the Wild

What are the odds you could fend for yourself without the basic modern convenience of electric power? Proponents of survival skills often seek to do without electricity or other utilities knowing that in a crisis their service would be interrupted. And for many years that strategy seemed the smartest. But gradually technological advances have made it possible to provide our own sources of power, water purification and even connectivity to internet so you can maintain communications with others without relying on the ground based services that can be disrupted.

Going off grid is a means of liberating yourself from the shackles of the way services are delivered today. But more than that, it is the freedom of the limiting thought of our current way of life. It is the opportunity to ensure that you meet all your needs for survival and in doing so you ensure that you are fully in charge of your own life.

This guidebook is the start of that quest for freedom. In it you will learn how to:

- Build an off the grid home right where you are today,
- Survive in the wild without basic utilities,
- Take off grid living on the road with power and fuel, and
- Make sure your off grid lifestyle is sustainable so you never have to plug back into the Matrix again.

BOOK #2: Off Grid Living: 33 Lessons on How to Live an Independent and Stress Free Life off the Grid

All of us at one point in our lives have dreamed of living the life of not paying taxes, electric bills, water bills or even rent. We have dreamed of everything being handed to us in such a way that we don't have to worry about the stresses of our lives.

In this book I will discuss many different ways to live off of the grid as it were. I will talk about the mindset that you will need to have as well as give you a step by step guide that will teach you how to get food, water, shelter, medicine and the other necessities of life that we never really think of when we have these visions and dreams of living a care free off the grid lifestyle.

When you complete this book you will have a foundational understanding of what is required of you and those you choose to live your off the grid lifestyle with. So if you are looking to live off the grid take notes and follow my steps to living a stress free life off the grid.
