Suddenly, she's become the parent to a strange baby owl, and the caretaker of what appears to be an enchanted tree.

But will her wish for a family Christmas be granted? Or will her mother's desire for a year without a holiday win out?

Magick, mystery, and family take center stage in this charming witchy novella featuring the Maddock girls when they are young.

This 20k word novella is a prequel story to the popular Daughters of Dark Root series and can be read as a stand alone novel.
