Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification Jonathan Zdziarski

Join author John Zdziarski for a look inside the brilliant minds that have conceived clever new ways to fight spam in all its nefarious forms. This landmark title describes, in-depth, how statistical filtering is being used by next-generation spam filters to identify and filter unwanted messages, how spam filtering works and how language classification and machine learning combine to produce remarkably accurate spam filters.

After reading *Ending Spam*, you'll have a complete understanding of the mathematical approaches used by today's spam filters as well as decoding, tokenization, various algorithms (including Bayesian analysis and Markovian discrimination) and the benefits of using open-source solutions to end spam. Zdziarski interviewed creators of many of the best spam filters and has included their insights in this revealing examination of the anti-spam crusade.

If you're a programmer designing a new spam filter, a network admin implementing a spam-filtering solution, or just someone who's curious about how spam filters work and the tactics spammers use to evade them, *Ending Spam* will serve as an informative analysis of the war against spammers.

TOCIntroduction

PART I: An Introduction to Spam FilteringChapter 1: The History of SpamChapter 2: Historical Approaches to Fighting SpamChapter 3: Language Classification ConceptsChapter 4: Statistical Filtering Fundamentals

PART II: Fundamentals of Statistical FilteringChapter 5: Decoding: Uncombobulating MessagesChapter 6: Tokenization: The Building Blocks of SpamChapter 7: The Low-Down Dirty Tricks of SpammersChapter 8: Data Storage for a Zillion RecordsChapter 9: Scaling in Large Environments

PART III: Advanced Concepts of Statistical FilteringChapter 10: Testing TheoryChapter 11: Concept Identification: Advanced TokenizationChapter 12: Fifth-Order Markovian DiscriminationChapter 13: Intelligent Feature Set ReductionChapter 14: Collaborative Algorithms

Appendix: Shining Examples of Filtering

From reader reviews:

Harry Crawford:

The feeling that you get from Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification could be the more deep you rooting the information that hide within the words the more you get considering reading it. It does not mean that this book is hard to know but Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification giving you joy feeling of reading. The writer conveys their point in selected way that can be understood by anyone who read the item because the author of this book is well-known enough. This kind of book also makes your own vocabulary increase well. So it is easy to understand then can go along, both in printed or e-book style are available. We recommend you for having that Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification instantly.

Clara Reece:

Reading a publication tends to be new life style within this era globalization. With examining you can get a lot of information which will give you benefit in your life. Along with book everyone in this world can certainly share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their particular reader with their story as well as their experience. Not only the storyline that share in the ebooks. But also they write about the information about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on earth always try to improve their proficiency in writing, they also doing some analysis before they write on their book. One of them is this Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification.

Susan Ross:

Reading a book to be new life style in this year; every people loves to read a book. When you examine a book you can get a large amount of benefit. When you read ebooks, you can improve your knowledge, mainly because book has a lot of information upon it. The information that you will get depend on what types of book that you have read. If you want to get information about your examine, you can read education books, but if you act like you want to entertain yourself look for a fiction books, such us novel, comics, and also soon. The Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification will give you new experience in looking at a book.

Tamiko Harmon:

Is it you who having spare time after that spend it whole day by means of watching television programs or just lying on the bed? Do you need something totally new? This Ending Spam: Bayesian Content Filtering and the Art of Statistical Language Classification can be the reply, oh how comes? A fresh book you know. You are therefore out of date, spending your time by reading in this completely new era is common not a geek activity. So what these guides have than the others?
