Get Used to Murder (Volume 1) Phillip Duet

If you used your standard typical run of the mill book, this book may not be for you. This book is written entirely in first person, the name and the sex of the main character is never revealed, you the reader are the main character. If you want to read a book like no other book you've ever read before, this book may be for you. The best way to describe, "Get Used To Murder" is to call it a "First-Person Shooter Novel". Yes, it's like you are living a videogame, you are the hero, you are the main character in this very unique novel. It is set aboard a post-apocalyptic spacecraft that carries all that remains of the human race, but there is one problem. You cannot die. If you are killed the ship's computer automatically re-spawns you almost instantaneously. After many centuries of traveling to the inhabitants began to make a game out of murder due to the lack of permanent consequences. You might not get it, like a number of the reviews you see below, but if you want to experience a novel in a way that you have never experienced one, get this novel written by a talented young writer a chance, you probably won't be disappointed. And if you are disappointed, it will be because I just read a book like no other. If you're a gamer, this is a must read for you.
