Quiver: Awakening The Goddess Within Ms Chrissie Anthony

Is it ever too late to discover who you really are? The echo to a long lost consciousness is at the heart of 49-year-old widowed Eve's quest to let go of the past, to awaken to life and living again by opening up her cloistered world, reconnecting with the beauty of life and the possibility that love could still be there. The dark woods of internet dating brings only frogs and the wrong kind of men, yet it reawakens her passion and desires and her secret longing, to discover within herself, Aphrodite – the goddess of love, beauty and passion. Despairing of finding the man of her dreams online, Eve realises she needs greater awareness of her sexual self before searching any further. Like her coveted orchids, she senses an imminent bud that must bloom. Casting aside her doubts and fears, Eve embarks upon a daring sexual journey – a sacred rite of passage - culminating in a series of lessons in loving with Anthony, a young male escort - in which she confronts the demons of the past and reclaims her sexual power, allowing the goddess within to emerge. And, ultimately, to find love again. Quiver will resonate with the many women, who, at various stages of their lives, feel invisible, losing touch with their essential nature, their sexuality and the divine feminine within. A modern day Lady Chatterley's Lover meets a thinking woman's Fifty Shades Of Grey in a passionate and daring quest with profound consequences which challenge conventional thinking about age and being a woman. Beautifully told against the backdrop of the seasons in Eve's lush garden of delights. Michael Leon, author Cubeball, Titan Sages Quiver is a humorous, daring and intelligent read. It will have every woman north of forty embarking on their own quest for transformation and ultimate fulfilment. Samantha Tidy, multi award winning author, The Happiness Jar
