Venus in Fur: A Play David Ives

A young playwright, Thomas, has written an adaptation of the 1870 novel *Venus in Fur* by Leopold von Sacher-Masoch (after whom the term “masochism” was coined); the novel is the story of an obsessive adulterous relationship between a man and the mistress to whom he becomes enslaved. At the end of a long day in which the actresses Thomas auditions fail to impress him, in walks Vanda, very late and seemingly clueless, but she convinces him to give her a chance. As they perform scenes from Thomas’s play, and Vanda the actor and Vanda the character gradually take control of the audition, the lines between writer, actor, director, and character begin to blur. Vanda is acting . . . or perhaps she sees in Thomas a masochist, one who desires fantasy in “real life” while writing fantasies for a living.

An exploration of gender roles and sexuality, in which desire twists and turns in on itself, *Venus in Fur* is also a witty, unsettling look at the art of acting—onstage and off.
