La Técnica del Interrogatorio - 3ª edición JULIO GARCIA RAMIREZ

La Técnica del Interrogatorio aporta las claves de la psicología de un testimonio, trata aspectos sobre, por ejemplo, cómo detectar las contradicciones y ponérselas de manifiesto al juez, los principales aciertos a potenciar, errores a evitar y la mejor manera de realizar las protestas sin poner en peligro la viabilidad de la acción planteada. Por primera vez en España, los abogados van a poder contar con una obra en la que se tratan desde distintas perspectivas prácticas, las mejores estrategias que permiten un interrogatorio eficiente en Sala. "El interrogatorio es una de las partes más importantes del trabajo de un abogado. Después de haber enseñado oratoria a miles de abogados puedo afirmar rotundamente que el alegato es importante, pero saber interrogar es fundamental", comentó Julio Garcia Ramirez, profesor y coach de oratoria y coordinador del libro, durante la presentación del libro en Madrid.
