The Non-Existence of God Nicholas Everitt

Is it possible to prove or disprove God's existence? Arguments for the existence of God have taken many different forms over the centuries: in *The Non-Existence of God*, Nicholas Everitt considers all of the arguments and examines the role that reason and knowledge play in the debate over God's existence. He draws on recent scientific disputes over neo-Darwinism, the implication of 'big bang' cosmology, and the temporal and spatial size of the universe; and discusses some of the most recent work on the subject, leading to a controversial conclusion.
