Feeling naughty? Included in this anthology are five stories of women looking for some 'kink' in their lives, and the men that willingly oblige them. These romantic stories are fun and sexy and include domestic discipline and spanking.

Managing Miranda

Miranda Russell is worried her husband is losing interest in her so she devises a plan to gain his attention—even if it also incurs his anger. The fact is, her workaholic husband, Justin, has no idea he's not spending enough time with his lovely wife, until she surprises him at his company's holiday party, completely disobeying his order not to purchase a new gown.

First Time

When a handsome stranger gifts Vicky with a riding crop on her first visit to the local adult bookstore, she hesitantly accepts it along with his dinner invitation. Little does she know the wild passion that Cain will ignite with the first strike of leather against her bare flesh.

The Second Session

Her desire whetted, Vicky accepts one of Cain's friends into their bed, eager to switch roles from submissive to aggressor. But in her quest to dominate the brawny, muscular Brick, Vicky gives into desire, requiring Cain to administer some well-deserved correction.

Three Strikes

Candy rolled her eyes when Vicky invited her to dinner to meet her new boyfriend, Cain, especially when the offer included not only voyeurism as dessert, but also a partner for her to join in the fun. No man had ever been able to give Candy real pleasure, no matter what sex toys they had tried. But Cain's friend Devlin is not a man; he's a centuries old vampire who's more than up to the challenge, and willing to do whatever it takes to give Candy what she's been missing.

The Newlyweds

Jane laughed off her new husband's threats to turn her over his knee if she disobeyed him in their marriage, but realizes he's serious when, on their honeymoon, he does exactly that! Humiliated and furious, she threatens him with divorce but Aaron convinces her to give them a chance. Jane soon realizes Aaron is exactly the kind of man she needs in her life.
