Could she really do it...while I watched?

It started with a simple mistake: **my gorgeous wife, mistaken for a high-class call girl**. But that planted a fantasy in our minds and, the more we talked about it, the more we both wanted to know--*what if she actually did it?*

It was a hell of a turn on for both of us. But could I really watch her take off her wedding ring and put on a short dress, stockings and heels, and pick up men in the hotel bar? Could I really watch from the closet as she stripped off and parted her thighs for them? **How would I feel, seeing another man take her...for money?**

As she accepted her first client, would our relationship be destroyed...or become stronger than ever?
