Anthony Trollope

The Duke's Children (Oxford World's Classics) Anthony Trollope

A fitting conclusion to the Palliser novels, one of the most remarkable achievements in British fiction, *The Duke's Children* is a touching story of love, family relationships, loyalty, and principles, following the aging Duke of Omnium as he struggles to come to terms with the loss of his vivacious wife, Lady Glencora, and the willfulness of his three children. The wide-ranging introduction explores the implicit politics of the novel about the nature of conservatism and liberalism in all their facets; the "woman question"; autobiographical echoes; gambling; and the novel's interest in modernity and the United States. The book also includes an invaluable appendix that outlines the political context of the Palliser novels and establishes the internal chronology of the series, providing a unique understanding of the six books as a linked narrative. The editors also provide explanatory notes, and the preface provides both a compact biography of Anthony Trollope and a Chronology charts his life against the major historical events of the period.

About the Series: For over 100 years **Oxford World's Classics** has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.
