This book was written to share the basic fundamental principles of Love. When I say Love I don't mean romantic Love or familial Love, I'm talking about 100% real Love. This book will help anyone who is looking for Love in any form by directing them inward, which is where Love already exists. If we change the system for love that was put in place years and years ago by Fear we can begin to experience the true benefits of Love. I thought you said You Loved me is the question that our inner selves has been asking for way too long. Our inner self asks because we say that we Love ourselves but our behavior shows the polar opposite. I hope this book helps each one of us who choose to really discover Love.
