The Vampire Diaries: Unthinkable (Kindle Worlds) C. L. Marlene

Some decisions, some choices, can change your whole life. For Elena and Damon, one in particular is about to alter everything.

The first challenge occurs shortly after Alaric stakes a chained and desiccated Klaus, and Elena must choose: Return to Mystic Falls to Stefan and her friends and family before they succumb to the fate of their vanquished bloodline? Or continue towards Damon, who is waiting to die alone?

Once one choice is made, another is born with a much more difficult answer: what to do after the unthinkable happens? When death invades life, a body is buried and all that's left is grief and the knowledge that nothing will ever be the same. And how do you hold on to a love that you never had enough of to begin with, now separated by a supernatural veil?

How do you survive when the unthinkable never stops happening? And is there any peace to be found, for the living or the dead?
