**Pediatric Primary Care** Catherine E. Burns, Ardys M. Dunn, Margaret A. Brady, Nancy Barber Starr, Catherine G. Blosser, Dawn Lee Garzon

Get an in-depth look at pediatric primary care through the eyes of a Nurse Practitioner! **Pediatric Primary Care, 6th Edition** guides readers through the process of assessing, managing, and preventing health problems in infants, children, and adolescents. Key topics include developmental theory, issues of daily living, the health status of children today, and diversity and cultural considerations. This sixth edition also features a wealth of new content and updates - such as a new chapter on pediatric pharmacology, full-color design and illustrations, new QSEN integration, updated coverage of the impact of the Affordable Care Act, a refocused chapter on practice management, and more - to keep readers up to date on the latest issues affecting practice today.

- **Comprehensive content** provides a complete foundation in the primary care of children from the unique perspective of the Nurse Practitioner and covers the full spectrum of health conditions seen in the primary care of children, emphasizing both prevention and management.
- **In-depth guidance on assessing and managing pediatric health problems** covers patients from infancy through adolescence.
- **Four-part organization** includes 1) an introductory unit on the foundations of global pediatric health, child and family health assessment, and cultural perspectives for pediatric primary care; 2) a unit on managing child development; 3) a unit on health promotion and management; and 4) a unit on disease management.
- **Content devoted to issues of daily living** covers issues that are a part of every child's growth - such as nutrition and toilet training - that could lead to health problems unless appropriate education and guidance are given.
- **Algorithms** are used throughout the book to provide a concise overview of the evaluation and management of common disorders.
- **Resources for providers and families** are also included throughout the text for further information.
- **Expert editor team** well is well-versed in the scope of practice and knowledge base of Pediatric Nurse Practitioners (PNPs) and Family Nurse Practitioners (FNPs).

**Expanded integration of Healthy People 2020** goes beyond the emphasis on physical activity in the previous edition.
