This book is not to replace reading the bible. I will give references for you to gain more knowledge and proof of the validity of the Bible. I believe the original words written in the Bible are inerrant. I believe by having an idea of what chapter is going to say, you will be able to easily understand what you are reading in the bible. There are several broad descriptions of the Bible. Augustine discovered that the Old Testament contains the New Testament concealed, while the New Testament contains the Old Testament revealed. The Old Testament is the story of a nation. The New Testament is the story of a man. The Bible is unique in that it contains 8,362 predictive verses with 1,817 predictions concerning 737 separate matters. Our Messiah, Jesus, fulfilled over 300 predictions. Prophecies are important in proving the authenticity of the Bible along with the Bible's integrated design, which is proven mathematically, microcode and macrocodes.
