From the rear cover of this 67 page book: "In my judgment, one of the central needs of western culture in our day is a clear definition of masculinity and femininity. More personal and social problems than we suspect have their roots in a failure to live in the richness of our unique sexuality. In this booklet, John Piper and Wayne Grudem have tackled some of the most important questions that need to be asked about manhood and womanhood, and they have done so with clarity, balance, and a thoughtfully firm dependence on biblical data. A careful study of their answers will move us well down the road toward understanding the delightful responsibilities of living as men and women." Dr. Larry Crabb, Jr.
