## **Beauty and the Bear**

Her father is dying.

Bella Peters knows he doesn't have a fighting chance unless she can find a way to afford his care. In desperation, she takes a job as the sole servant to the Baron von Ursus in the mysterious castle on the mountain.

The Baron is a man of dark intensity and closely guarded secrets, yet Bella feels peculiarly drawn to him. Despite his attempts to keep her at arm's length, their strange relationship grows into something more. But when the truth about his cursed past is revealed, can Bella's devotion mean his salvation?

## **Bear Law**

The bastard had nearly killed him.

Some animal instinct had taken over and carried Sheriff Rivers on his hands and knees from the station as flames consumed the last vestige of law in his small town. Deputy Andrews hadn't been so lucky - they'd locked him in a cell before torching the place.

Despite the countless stab wounds and unexplained gash across his chest, he had survived. Something had changed within him; his body healed in mere days, leaving just pink ribbon scars in place of mortal wounds. His mind was consumed by thoughts of revenge - on Dirk Baxter and every last scumbag biker in his gang. And Mindy; who had broken his heart when she left, and twisted the knife by returning with Dirk.

Now he knew the source of Dirk's supernatural strength, and shared in his primordial power. He was going to use it to take everything from the man who had left him for dead. Starting with Mindy...

## **Bear Back**

Daphne had always felt out of place, never truly feeling at home anywhere. She found her day to day life in the city both stressful and exhausting. The people she knew were nice, but Daphne struggled to feel any real connection with them and her relationships always left her unfulfilled.

On a solitary weekend retreat in the woods, a chance encounter with a darkly handsome stranger changes her life forever. He offers her a new way of life, filled with passion and lust. A life where every moment is lived to its fullest potential, and you simply take whatever it is you desire.

Now, Daphne must make a choice; leave everything and everyone she's ever know behind and risk everything for this mysterious man, or return to the safety of the world she knows and live with the knowledge that she may have passed on her one chance at being truly happy.
