Container gardening is a great way to garden in a small space, and there are so many options with container gardening! If versatility is something you desire, **then container gardening just might be for you. You can grow plants in about any container at all; so cost is completely dependent on you.** My mother has been known to plant flowers in old teapots and soda bottles alike.

Gardening can fall flat for someone with a busy life, though. There is nothing worse than coming home after traveling to find all your plants have been destroyed by pests or withered away from a lack of watering. **If you are gone more often than you are home, self-watering containers or some sort of drip irrigation system may be the difference between life and death for your plants.** We will also cover some techniques to help protect plants naturally from pest
