The Making of Prince of Persia: Journals 1985 - 1993 Jordan Mechner

Before Prince of Persia was a best-selling video game franchise and a Jerry Bruckheimer movie, it was an Apple II computer game created and programmed by one person, Jordan Mechner. Also available as an ebook, Mechner's candid journals from the time capture his journey from his parents' basement to the forefront of the fast-growing 1980s video game industry... and the creative, technical and personal struggles that brought the prince into being and ultimately into the homes of millions of people worldwide.
