Learn About The Modernization Of Our Planet In A Fraction Of The Time It Takes To Read The Actual Book!!! Today only, get this 1# Amazon bestseller for just \$2.99. Regularly priced at \$9.99. Read on your PC, Mac, smart phone, tablet or Kindle device In the introduction, author Steven Johnson shares some valuable knowledge about the journey ahead. While inventions are exciting, it is important to remember that the innovations in this book belong to everyday, normal life, not science fiction. Johnson details several groundbreaking yet simple inventions (air-conditioning, a glass of clean drinking water, etc.) that utterly changed our lives, and how these changes further inspired more ingenuity and occurrences that we may not even know are connected. Take for example the printing press. Do you know that Gutenberg's press led to our ability to view microscopic cells? That may not be a connection we easily make, but when we break down the timeline of inventions, it becomes quite clear. Gutenberg invented the printing press, which created a "surge in demand for spectacles." Reading now enabled people to realize they had vision problems (farsightedness), so the growing need for spectacles urged people to "experiment with lenses" to help various eye "types." This brought about the invention of the microscope, which of course, made us able to look at our cells and study them. Here Is A Preview Of What You'll Learn When You Download Your Copy Today
