More Music, a better experience. *Experience Music* is an innovative program that best meets the fundamental challenges of the music appreciation course. Through its thoughtful listening structure in which students experience one musical piece three times within each chapter, students develop stronger listening skills. More music means 3 CDs with all of the "featured listening" selections accompany each new text. And, more music means Connect Music, a new digital solution that streams all of the program's selections within animated listening guides that can be paired with unique, assignable interactivities. Combined, these elements help students develop a deeper understanding that will prepare them for a lifetime of musical experiences.
