Sir Cumference and All the King's Tens: A Math Adventure Cindy Neuschwander

A clever introduction to place value.

Sir Cumference and Lady Di planned a surprise birthday party for King Arthur, but they didn't expect so many guests to show up. How many lunches will they need? And with more guests arriving by the minute, what about dinner? Sir Cumference and Lady Di have to figure out a quick way to count the guests to bring order to the party.

Sir Cumference and his friends have been entertaining young and old alike for years as they introduce important math concepts with clarity and humor.
