Tom Wolfe's cane carving books have been popular with readers. In this new one, Tom starts with a sapling straight from the hillside and takes the carver through each step to create a charming cane. He begins with prepping the sapling, helps the reader think through the design of the spirit that will emerge, and explains the various carving techniques that are needed to do the work. Finally he shows the painting and finishing steps, including ways to conceal unexpected problems. Each step is clearly photographed in color, with a concise, easy-to-understand explanation of what is happening and how to do it. This is a clear and informative guide and will be valued by carvers of every skill level.
